HARBORTOUCH

THE POINT OF SALE SYSTEM THAT WILL
REVOLUTIONIZE YOUR BUSINESS
FOR FREE!*

It has never been easier to take advantage of the benefits of a point of sale (POS) system. Harbortouch offers a full-featured point of sale system without all the hassle or the high cost. We have simplified the process so you can easily transition from your current transaction terminal to a state of the art touch-screen POS system that will streamline your business operations and automate your daily management activities. Harbortouch offers countless time and money saving features that will allow you to focus on what's important: keeping your customers satisfied and spending!

ADVANCED REPORTING

- Wide range of built-in reports help reduce accounting and bookkeeping expenses
- Monitor financials
- View sales history to predict volume and schedule employees appropriately
- Track inventory for accurate product ordering
- Identify sales trends, bestselling items and productive employees
- Monitor discounts, voids and refunds

THE LIGHTHOUSE

The Lighthouse is a proprietary management and reporting tool that communicates information between your Harbortouch POS system and the Interactive Merchant System, an online portal for Harbortouch merchants

- Access the information on your POS system from any computer with an Internet connection
- Run various real-time reports and even make changes to your product line remotely

STREAMLINE YOUR BUSINESS
Combine multiple operations into one easy-to-use application
- Accept cash, checks, credit and debit directly through your POS system
- Track inventory and monitor stock depletion
- Manage employee schedules and productivity
- Track employee hours with a built-in time clock
- Comprehensive reports provide a top-level picture of your business

ONSITE INSTALLATION AND EXCEPTIONAL SUPPORT
- Experienced and certified installation professionals make sure your system is set up correctly the first time
- 24 hour in-house customer service and technical support
- Remote support allows the Harbortouch support team to repair any software issues at any time

THE COMPLETE PACKAGE
The Harbortouch POS system is easy to use, easy to maintain and features an extremely durable, high clarity 15" touch screen display, lightning fast processor and ample memory. This POS system has a small footprint, allowing you to place it just about anywhere in your business and its rugged design is liquid and tamper resistant. Additionally, unlike standard PCs, which generally last 2-3 years, the average life span for a Harbortouch POS system is 7-9 years. Unmatched in durability and reliability, a Harbortouch system will provide a point of sale solution for years to come.

*Monthly service fee and merchant account agreement are required.

CASIO TK 1550
Electronic Cash Register
with Integrated Credit Card Processing

THE PERFECT RESTAURANT SOLUTION

United Bank Card has combined state-of-the-art electronic cash register (ECR) equipment with integrated credit card processing to deliver the ultimate payment solution, completely free of charge!

This integrated technology is the first of its kind and eliminates the need for a separate credit card terminal at your business location. You will now have the ability to handle all transactions directly through this advanced ECR.

Designed with the most demanding restaurant environments in mind, this state-of-the-art cash register is built with a flat membrane keyboard to withstand liquid spills, dirt and other foreign particles. Additionally, the keyboard layout will be individually customized to meet your unique transaction needs. Complete with cash drawer and backlit customer display, this electronic cash register is an excellent solution for all restaurant establishments.

INTEGRATED PAYMENT PROCESSING

Each cash register comes complete with an integrated PCI PED compliant credit card payment terminal to enable fast and user friendly payment options. This secure device supports either dial-up or Ethernet connectivity and its sleek, compact design fits easily in the palm of your hand. With a wide array of convenient features including guest check tracking, it is the perfect device to streamline your electronic payment system.

- Large memory capacity
- Large LCD display
- Multi-application support
- Heavy duty cash drawer
- 72 flat keys

- Dial-Up or Ethernet connection
- Three function keys
- Rugged and stylish
- Drop and load thermal printer
- PCI PED compliant

Enjoy all the functionality of an electronic cash register with integrated credit card processing at no cost to you! Contact your sales representative today for more information.

FREE
Verifone Vx510
IP Terminal

United Bank Card has added this ultra high performance terminal to its Free Equipment Program. The Vx510 offers flexible, secure and high speed communications for all of your business needs.

FLEXIBILITY

The Vx510 offers a choice of two connectivity options: Ethernet and dial. The dual communications options allow built-in dial capability to be used today, then switched to Ethernet at any time. Merchants with existing broadband service can immediately process payments. It's simple, reliable and future-proof.

SECURITY

The PCI PED approved Vx 510 also offers the latest and most reliable security protections, including SSL, 3DES encryption, MasterCard PTS, Master/Session and DUKPT key management. Also, VeriFone's Veri-Shield file authentication software provides unsurpassed protection against unauthorized access to payment devices, while securely accommodating trusted third parties.

EASY TO USE DESIGN

Intuitive ATM-style interface, large backlit display, ergonomic keys and bold menu prompts minimize clerk training, speed lines and reduce errors. Additionally, the sleek and stylish Vx510 has an extremely small footprint to save counter space and utilizes a "hand-over" design for customer PIN entry.

ADD A FREE VERIFONE Vx510 TO YOUR LOCATION TODAY!

The Verifone Vx510 offers extraordinary performance for payment and value-added applications and it dramatically reduces transaction time to just a few seconds. Contact United Bank Card today to add this versatile terminal to your location absolutely free of charge!

Hypercom Optimum T4220 Terminal

The Optimum T4220 dual communication terminal is one of the most capable IP terminals in the industry today and United Bank Card is now offering it to you free of charge! Hypercom has combined the best-of-breed features of the Optimum family into this powerful IP device to suit any customer's needs - large or small.

SECURE IP FUNCTIONALITY

The Optimum T4220 provides IP performance and security second to none. The Optimum T4220 comes standard with integrated PCI PED approved PIN entry capability, the safety of the HyperSafe®32 architecture and unrivaled IP transaction and download speeds.

SIMPLE AND EASY TO USE

An intuitive and easy to use design make the T4220 one of the most functional terminals on the market. Large, ADA-style, 19-key layout allows for easy key recognition and the Clear, Enter, Cancel and "5" keys provide tactile feedback for visually-impaired customers. The slim form factor makes it perfect for handover transactions. Also, the SureLoad® thermal printer design with clear lid alerts cashiers to low paper conditions and the simple drop-in loading virtually eliminates paper jams. The graphics-capable printer even allows you to print logos and coupons directly at the point of service! For installation and maintenance, color-coded port labels simplify service and support and industry-leading software includes the functionality necessary to introduce value-added applications.
